"You can sleep in the nook under the west window. There's an old pallet in the woodhouse. Air it. Don't bring mice in with it." And he stalked off towards the Overfell, angry with the boy for coming and with himself for giving in; but it was not anger that made his heart pound. Striding along.. he could stride, then.. with the seawind pushing at him always from the left and the early sunlight on the sea out past the vast shadow of the mountain, he thought of the Mages of Roke, the masters of the art magic, the professors of mystery and power. "He was too much for 'em, was he? And he'll be too much for me," he thought, and smiled. He was a peaceful man, but he did not mind a bit of danger.. "You're going to Roke to find out," he said, raising his glass to her. After a moment she raised.. doorway he made a hurried motion, a fist turned to an open palm. Later he knew he should never have let the boy leave the house. He had underestimated Diamond's.. certain. He turned to another passage and compared the two, and brooded over the book late into.. After the death of Orm the dragons remained a threat in the West, especially when provoked by dragon hunters, but they withdrew from their encroachments on peopled islands and peaceful shipping. Yevaud of Pendor was the only dragon to raid the Inward Lands after the time of the Kings. No dragon had been seen over the Inmost Sea for many centuries when Kalessin, called the Eldest, brought Ged and Lebannen to Roke Island.. were everywhere, though ranged in some order. "The Summoner was among us when we stood on Roke Knoll and saw the Archmage kneel to King.. and also their presence meant that the peaceful time was over, the days of walking in the silent.. The Changer absorbed that with a look of real amazement; but he did not question the Doorkeeper.. "Only the Master can open the door. Only the King has the key.." locked in its muteness.. to the Port of Havnor in disguise and coming away with four books from an ancient royal library.. Scattered references and tales from Gont and the Reaches, passages of sacred history in the Kargad Lands and of arcane mystery in the Lore of Paln, long ignored by the scholars of Roke, relate that in the earliest days dragons and human beings were all one kind. Eventually these dragon-people separated into two kinds of being, incompatible in their habits and desires. Perhaps a long geographical separation caused a gradual natural divergence, a differentiation of species. The Pelnish Lore and the Kargish legends maintain that the separation was deliberate, made by an agreement known as *verw nadan*, *Vedurnan*, the Division.. little while in the language of those who do not speak. He named the Masters, Hand and Herbal, Summoner and Patterner, Windkey and Chanter, and the Namer, and the Changer. "The Changers and the Summoner's are very perilous arts," he said. "Changing, or transformation, you maybe know of, mistress. Even a common sorcerer may know how to work illusion changes, turning one thing into another thing for a little while, or taking on a semblance not his own. Have you seen that?".. the word to say to him.. ". When he came home he had a three-year-old daughter with him. He turned her over to the housekeeper and forgot about her. When he was drunk sometimes he remembered her. If he could find her, he made her stand by his chair or sit on his knees and listen to all the wrongs that had been done to him and to the house of Iria. He cursed and cried and drank and made her drink, too, pledging to honour her inheritance and be true to Iria. She drank the wine, but she hated the curses and pledges and tears and the slobbered caresses that followed them. She escaped, if she could, and went down to the dogs and the horses and the cattle, and swore to them that she would be loyal to her mother, whom nobody knew or honoured or was true to, except herself.. surface carrying us began to branch, dividing along imperceptible seams; my strip passed through.. Where the two paths met and joined to wind up to the heights of the Knoll, Thorion stopped and.. Hound was down at the door, they said. Early sent for him to come up. "Who's Tern?" he asked as soon as he saw the old man.. dirt, rock, water. The air was cool and still. Away from the

dripping of the stream it was silent..never asked him about his teacher..It may be that Segoy is or was one of the Old Powers of the Earth. It may be that Segoy is a name.When she woke, the Master Patterner was sitting nearby, and a basket was on the grass between them..stream had chilled him to the bone, and he was shivering..I paced the room. She followed me with her eyes, as if I were. . . as if she stood in a cage..and lead the wizard to defeat himself..In return he told Veil and Ember about the mines of Samory, and the wizard Gelluk, and Anieb the line of the Kargish kings but unwilling to risk sacrilege by shedding royal blood, the Godking.women of great power raised the Great House on Roke. Its cornerstone was set on a hilltop above.and crouched down by the enormous, hunching roots of a willow that leaned out over the water. The autumn were a misery to her. But as time went on and she heard him spoken of as Diamond the sweet.long, and on his breast lay the rune-ring broken.."To bring Lebannen here," said the Herbal. "The young men talk of "the true crown". A second coronation, here. By the Archmage Thorion."..galley, which was rowed by forty slaves..unbutton it, did not slip it off, just tore it, and let the shreds fall from her fingers, like trash..fellow that's been here before, from the south coast, and so San hired him. You work for me and.as if he had the power to."..into some kind of trouble, probably messing about with magic, and his mother had managed to.them, yes. We can send to them a voice or a presentment, a seeming, of ourself. But we do not."I don't see why one couldn't be." She never saw why something could not be..He had no thought of hiding or protecting himself. Luckily for him there were no guards about;..little wisdom or gentleness with him. Maybe they were afraid of him. They bound his hands and.try to close himself off to it. "I will not work in the service of evil!" he told himself. Then..An escalator began in the space between the buildings, suddenly entered a tunnel, silver."Thank you," he said, opening the gate for the heifer, who went to greet her mother, while he.the dead of winter, and must go back alone?". "She will when the time comes. But she has no part to play in your decision, Diamond. Women know."If she knew I was alive," he said..whom he trusted. One of them was a man called Crow, a wealthy recluse, who had no gift of magic.Once there in the Grove she had no thought of earning, or deserving, or even of learning. To be.and drunker than usual, so that he fell and gashed his forehead on the andiron. Bleeding and.developed. In among the chestnuts there were a lot of pines, which could be felled and sold for."I've been thinking about it," she said, hurried and earnest. "Couldn't I just tell them who I am? With you there to vouch for me - to say even if I am a woman, I have some gift - and I'd promise to take the vow and make the spell of celibacy, and live apart if they wanted me to -". "What it does is make him behave, make him have to. You know. . . maybe some."Do you?" asked the man in the red tunic, smiling a little.."That?" I pointed at the glass wall..was sticky stuff, and he disliked stooping to clean his feet before going into the house. When..story of how Erreth-Akbe lost the Ring of Peace, and the new songs and the King's Tale about how.dragons are "creatures of wind and fire," who drown if plunged under the sea. But they have no."No. I'll write him," Diamond said, in his new, level voice..Ilien was the first of his house to take the throne in Havnor. His granddaughter was Queen Heru;..prophecy, they say so will the Archmage be one returned from death."..one, until that night..The Summoner lifted his noble, dark face and looked across the room at the pale man, but did not speak. Without a word or gesture he turned away again and left the room. As he walked slowly past Irian, she shrank back from him. It was as if a grave had opened, a winter grave, cold, wet, dark. Her breath stuck in her throat. She gasped a little for air. When she recovered herself she saw the Changer and the pale man both watching her intently..Ayeth's stare grew more insolent as he watched Irioth stammer. He began to say something to San, but Irioth spoke..bit. Don't worry about Diamond. He'll know what he wants when he sees it!"..Enlades. Though it is one of the great isles of the Earthsea Archipelago, there aren't many."Why should I do that?". "I'd like to walk under your trees a bit, Azver," the Herbal said, with a long sigh..Golden did not like the child. She was both outspoken and defensive, both rash and timid. She was a girl, and a year younger than Diamond, and a witch's daughter. He wished his son would play with boys his own age, his own sort, from the respectable families of Glade. Tuly insisted on calling the witch "the wisewoman," but a witch was a witch and her daughter was no fit companion for Diamond. It tickled him a little, though, to see his boy teaching tricks to the witch-child..at him. "My name is Irian," she said..hesitated, and in that instant Anieb shouted in Otter's voice, "Tinaral, fall!". "You went wrong. You've come back. But you're tired, Irioth, and the way's hard when you go alone. Come home with me."..with exaggeration, moving its huge lips and meaty tongue..My teacher was with me, and his teacher with him," Ogion said when they praised him. "I could hold the Gate open because he held the Mountain still." They praised his modesty and did not listen to him. Listening is a rare gift, and men will have their heroes.."Nais. How old are you?".pretty girls were always near him. He drank a good deal of Gadge Brewer's excellent beer, and.."What does Thorion intend?" asked the Namer..bulging pearly square when something was pressed. In the bathroom there was no tub or sink,..learned to read..speaking lands..went by. Only at a crossroads an old donkey grazing a stony pasture came over to the wooden fence.quickly had left little time for provisioning the ships. They overran the towns along the west.village lane up the hill, a pack of scrawny, evil-mouthed dogs came pelting and bellowing down at."Rose's spells work as well as ever," she said stoutly..She was there, the sick woman who could heal him, the poof woman who held the treasure, the stranger who was himself..Early waved his hand. Hound sniffed, nodded, and left..Earthsea over thirty years ago: I needed to know where things are, and how to get from here to..That gave her pause. She stood silent. "It's the name the witch Rose of my village on Way gave me, in the spring under Iria Hill," she said at last, standing up and speaking truth..I preferred darkness but walked on straight ahead to a stone circle, where a human figure stood. I.If Diamond had been born to that kind of power, if that was his gift, then all Golden's dreams and plans of training him in the business, and having him help in expanding the carting route to a regular trade with South Port, and buying up the chestnut forests above Reche -- all such plans dwindled into trifles. Might Diamond go (as his mother's uncle had gone) to the School of Wizards on Roke Island? Might he (as that uncle had done) gain glory for his family and dominion over lord and commoner, becoming a Mage in the Court

of the Lords Regent in the Great Port of Havnor? Golden all but floated up the stairs himself, borne on such visions..He had not planned or intended any such adventure, but crazy as it was, it suited him better the stones. He said they would not come back. He said Lord Sparrowhawk had told him to come back to.did not know he wanted. His gift was far beyond Dulse's guidance, yet he had been right to come to.But the boy played no tricks against his father. He took his beatings in silence and learned to.much, you at the Gates and me at the inner end, in the Mountain. Working together, you know. We.round his neck..*"So," she said..increasingly costly temples, and controlling public ceremonies such as marriages, funerals, and..After a long time, late in the afternoon, old Hound came trudging up the valley. He stopped now and then and sniffed. He sat down on the hillside beside the scar in the ground, resting his tired legs. He studied the ground where some crumbs of fresh dirt lay and the grass was bent. He stroked the bent grass to straighten it. He got to his feet at last, went for a drink of the clear brown water under the willows, and set off down the valley towards the mine..Otter had been struggling with tears; he hid his face. "Yes," he said, "thanks..wise alone. So these people try to hold to each other. And so that's why we're called the Hand, or.Trusting the messenger, Morred entered the trap. He barely escaped with his life. The Enemy.on the bushes. To their left a little stream ran low among willow thickets. Mild sunlight and long..He looked about, curious and wary. All over the hill spark-weed was in flower, its long petals blazing yellow in the grass. Children on Havnor knew that flower. They called it sparks from the burning of Ilien, when the Firelord attacked the islands, and Erreth-Akbe fought with him and defeated him. Tales and songs of the heroes rose up in Medra's memory as he stood there: Erreth-Akbe and the heroes before him, the Eagle Queen, Heru, Akambar who drove the Kargs into the east, and Serriadh the peacemaker, and Elfarran of Solea, and Morred, the White Enchanter, the beloved king. The brave and the wise, they came before him as if summoned, as if he had called them to him, though he had not called. He saw them. They stood among the tall grasses, among the flame-shaped flowers nodding in the wind of morning..he cleansed me, so that each time we grow purer together."* The wizard took Otter's arm and walked.asked about boat-building, and he told her and showed her what he could. It was a peaceful."Said he thought he'd better keep the doors," said the Herbal. He closed is many-pocketed pouch carefully and looked around at the others. "But I don't know if he can keep a lid on the ant-hill."
