Lou said it was like flying a bathtub, but it flew. And it's a skQI, almost an art. Lou practiced for three years on the best simulators we could build and still had to rely on things you can't learn in a simulator. And he barely got us down in one piece. We didn't noise it around, but it was a damn close thing. Lou was young; so was Cantrell. They were both fresh from flying. They flew every day, they had the feel for it. They were tops."
